Taxis:

For anyone not familiar with the UK taxi system – there are 2 types of taxis in Norwich.

The first are the traditional “Black Cabs”. These don’t need to be booked in advance. There are usually lots waiting at the front of the train station. There are also sometimes some outside the airport. The cost of the journey will depend on traffic, distance etc.

You can also pre-book taxis to make sure there is one waiting when you get there. These types of taxis will have a set price for your journey (regardless of traffic) and are usually cheaper than black cabs. There are 2 main pre-bookable taxi firms in Norwich

5-star – 01603 455555

ABC – 01603 666333

ABC also have an app from which you can also book taxis

The Venue:

The venue is in the city centre and is about 10 minutes walk from the train station.
