

Guidelines for using the library laptop loan service

1. Borrowing

- laptops are available for loan in most libraries and in Manuscripts and Special Collections at King's Meadow Campus
- you must have a valid University of Nottingham University Card, username and password to borrow a laptop
- the conditions for borrowing a laptop are covered in the Code of Practice for Users of the University Computing Facilities at:
www.nottingham.ac.uk/is/documents/about/codeofpracticeforuniversitycomputingfacilities.pdf
- you may borrow one laptop at any one time and the loan is not transferable
- the loan period is three hours

In most libraries, you can borrow a laptop from the lending desk. In Hallward and George Green Libraries, you can borrow a laptop from the self-service lockers on level 2 (entrance floor)

2. Using the laptop

- please use library laptops within the home library and do not take them outside
- keep the laptop with you at all times, as you are personally responsible if it is lost, stolen, or damaged
- please don't store your files on the hard drive. Security software reconfigures the laptop each time it is returned, erasing any files on the hard drive
- laptop plug-in points and wireless access are available in all libraries
- please ask library staff for advice on using the laptop (you can spot them in the green lanyards)

3. Return

- please return the library laptop to the lending desk you borrowed it from, or in Hallward and George Green Libraries to the self-service lockers
- please return them at the latest by the specified time, so that you don't incur a fine for late return
- non-return will incur a fine of:
 - £150 for the laptop and £20 for the power supply
- if you find any problems with the laptop you are using, please report them when returning it, so that we can get them fixed

4. Responsibilities

- the University of Nottingham assumes no responsibility for files stored on the hard drive or the recovery of files accidentally left in the hard drive after the laptop has been returned
- the University of Nottingham is not responsible for any computer viruses that may be transferred to or from external storage solutions such as USB pen drives used by the user
- the University of Nottingham will not be responsible for any personal media returned with the laptop by mistake

5. Contact us

If you have any comments or queries about this library service please contact us library-helpline@nottingham.ac.uk.

6. Longer loan laptops from Information Services

If you want to borrow a laptop for a longer period, for use in or out of the library, please look at www.nottingham.ac.uk/it-services/loan-repair to see what is on offer.
