This factsheet aims to give an overview of the funding available for care experienced or estranged students who live in England and are starting a university degree for the first time, at the University of Nottingham in the academic year 2024/25.

Care leaver

The Children (Leaving Care) Act 2000 defines a care leaver as a young person who has been in the care of a local authority for at least 13 weeks including at the time of their 16th birthday. As a care leaver, Student Finance should grant you 'independent status' and therefore not count the finances of any parent(s)/foster parents when they assess your income. However, if you have a partner/spouse, then Student Finance will include their income.

If you do not meet this definition of Care Leaver but you have been in care for a minimum of 3 months since your 14th birthday, please see further information below in this factsheet about bursaries you might be eligible for.

Student Finance will request evidence to support your status, e.g a letter from the Local Authority or a Social Worker confirming your circumstances ('former looked after child' or 'care leaver').

Estranged

To be considered estranged from your parent(s), you need to show that you have had no contact, or very limited contacts, with your biological or adoptive parent(s) and this is not likely to change. Student Finance understands that estrangement can be for many different reasons. Some common examples of estrangement are; you are living with friends, or with other family members such as aunts/uncles/grandparents; you have only ever known one of your parents and they have recently passed away; you still have very limited contact with your parent(s) for specific reasons, for example keeping in contact with siblings. This isn't an exhaustive list and Student Finance will review all applications on a case-by-case basis.

Student Finance will request evidence to support your status, e.g a letter from your teacher, doctor, support worker or local authority etc which confirms that you are not in contact with your parents. However, if you do not have any evidence, you can complete and digitally upload a Confirmation of Estrangement Form which can be found in your Student Finance online account.

Tuition fees

The University of Nottingham will charge £9,250 for undergraduate courses starting in September 2024, with the possibility of an inflationary increase in future years depending on Government policy.

Loan for Tuition Fees

You can apply for a loan from Student Finance to pay your tuition fees. You can request any amount, up to £9,250. Student Finance pays the money directly to the University to cover the cost of your fees.

Help with living costs

There are several sources of help with your living costs. Bursaries and Grants provide you with money that you don't have to pay back. A loan is different – you do have to pay it back. An adviser in our Funding & Financial Support team can support you in working out what you are entitled to. The section below summarises the main sources of support, which are:

- Loans from the government through Student Finance
- Bursaries from the University of Nottingham
- Bursaries from your Local Authority
- Additional government support
- Other financial support

Government loan for living costs

All eligible students starting university in 2024/25 are entitled to a loan towards living costs. If your household income is under £25,000 you will be entitled to the maximum loan of £10,227 (assuming you are living in University or private rented accommodation). Where household income is between £25,001 and £62,347 the loan will be between £10,227 and £4,767 on a sliding scale.

If your circumstances mean that you can claim income-related benefits while you are a student, you may be able to receive a higher rate of loan.

Additional Government Support

There are a number of additional grants available to undergraduate students:

- **Childcare Grant:** means-tested grant is available to students with dependent children aged 15 or under (or 17 and under for children with special educational needs) on the first day of the academic year. This allowance pays up to 85% of actual childcare costs up to a maximum of £192.62 per week for one child and £331.95 per week for two or more children
- **Parents' Learning Allowance:** means tested grant of up to £1,963 is to help with course-related costs such as books, photocopying and materials.
- **Adult Dependant Grant:** means tested allowance of up to £3,438 where the student has an adult dependant, usually their partner.
- **Disabled Students' Allowance (DSA):** students who have a disability, specific learning difficulty or mental health condition may be eligible to receive funding to help with extra costs incurred whilst attending their course which are as a result of their disability. Further details regarding eligibility are available from the Gov.UK website and the University's Funding & Financial Support and Accessibility teams (all listed in Useful Contacts on the final page of this factsheet).

Care Experienced and Estranged student additional support

Please refer to www.nottingham.ac.uk/schoolsliason/services/care-leavers.aspx and www.nottingham.ac.uk/schoolsliason/services/student-support-packages/estranged-students.aspx for up to date information on what is being offered.

The Care Experienced and Estranged Bursary provides £2,000 per year to students under 25 with a household income below £35,000 (as assessed by Student Finance) and who are currently or have been in public care for a minimum period of three months, since their 14th birthday. Students under special guardianship or kinship care during this period may also qualify OR students who have been granted independent status by Student Finance England due to estrangement. Some exclusions apply. Please refer to the links above for more information.

Accommodation Bursary

The University of Nottingham Accommodation Bursary provides first year care experienced and estranged students (who meet certain eligibility criteria) with support to cover the costs of their accommodation. Please refer to <https://www.nottingham.ac.uk/student-living/accommodation/care-experienced-and-estranged-students.aspx#AccommodationBursaries> for more details.

Local Authority bursary

Care leavers who start university under the age of 25 may be entitled to additional help from their Local Authority (LA); this should include, as a minimum, a one-off bursary of £2,000. To apply for this bursary and to investigate whether any further support is available, you should contact your personal adviser, social worker or case worker at your LA.

Further information

Tax credits and benefits– The Department for Work and Pensions will expect you to apply for all the student support you are entitled to. Please contact the Student Union’s Advice Centre for more details on benefits and your entitlement (see Useful Contacts).

- **Child Tax Credits (CTC)/Universal Credit (UC)** – Students with children under 16 (or under 18 in certain circumstances) can continue to claim CTC. We advise you to inform the Inland Revenue you are going into full-time education.

Council tax

- Full-time students are exempt from council tax. Students should inform their local council of their student status. Where this leaves one eligible person in a household a 25% discount may be claimed.

So what could you get all together for living costs?

Here is an example of support for living costs. This assumes that you are a first time undergraduate, aged under 25 at the start of the course and have been in care for at least three months, with a household income of below £25,000, and are studying at the University of Nottingham (UoN).

Means-tested loan	UoN Bursaries	LA Bursary (Year 1 only, if available)	Total
£10,227	£3,000	£2,000	£15,227

Repaying your student loans

You do not have to make any repayments to your student loans until you have left University and are earning over £25,000 per year or £2,083 gross per month (2024/25 threshold Plan 5). Repayments are taken directly from your salary in the same way as you pay tax and national insurance. The amount you pay is calculated at 9% of your earnings above the £25,000 per year threshold – see table below:

Annual Income	Monthly Repayment
£24,000	<i>nil</i>
£26,000	£8
£35,000	£75
£45,000	£150
