

How to add evidence to a Rosette in PebblePad

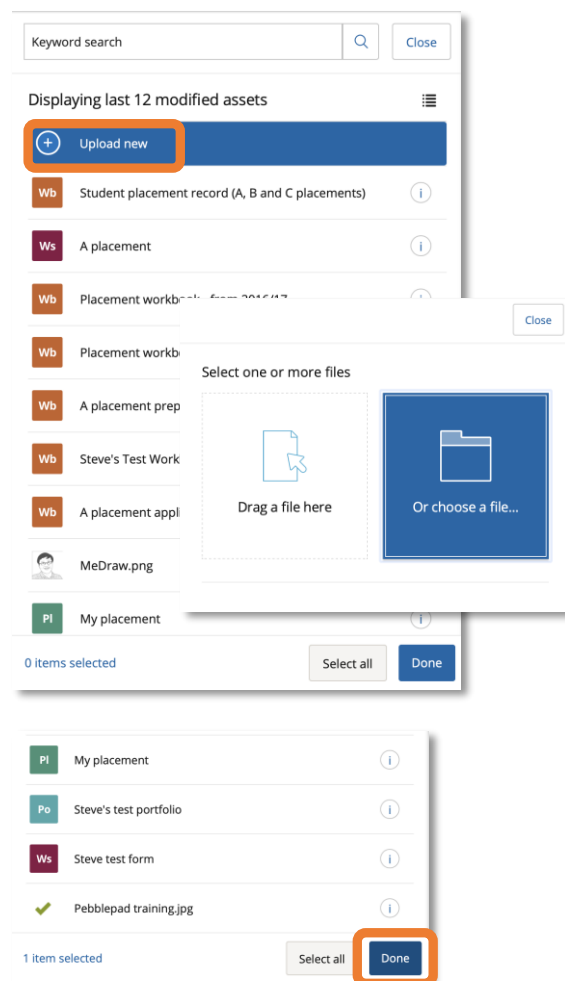

You can attach a file to a 'rosette' on your PebblePad document.

Your practice educators and placement tutors can then click on the link to see the attached document.

- ▶ Go to the part of your page where a rosette is shown
- ▶ Click on the text or the rosette
- ▶ Click 'Add an Asset'

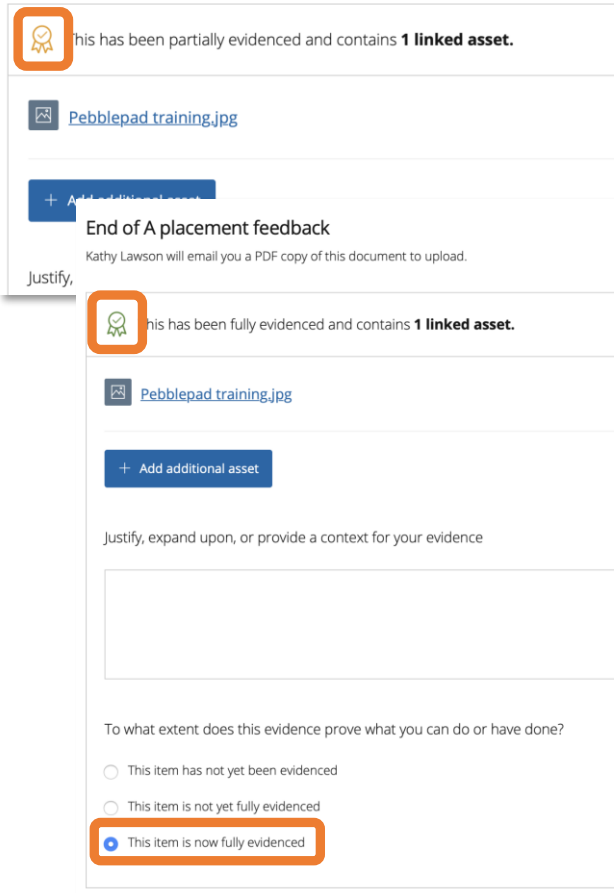

- ▶ A panel will appear on the right of your screen listing all of your PebblePad Assets.
- ▶ If you have already uploaded the file, click on it within this list.
- ▶ If not, click 'Upload new' and then drag the file to the area shown or click 'Or choose a file...' and find it on your computer.
- ▶ Click 'Done'.

- ▶ The file name will now be inserted under the rosette.
- ▶ The rosette will have changed colour to amber.
- ▶ If you have no further evidence files to add click 'This item is now fully evidenced' and the rosette will turn green.
