

Postgraduate Certificate in Higher Education

Module Dates for 2024/25

PGCHE modules must be completed in sequential order. Modules 1 and 2 run three times each year to allow participants to enrol on a cohort that works for them. For the coming year we are offering the modules in two formats:

Blended

- There are six sessions which are a mixture of synchronous online (in real time) and face-to-face sessions, scheduled at specific times on specific dates.
- There will also be some tasks you will complete asynchronously before and after each session.
- Face-to-face sessions may be taught online synchronously if Covid-19 regulations change. This mode is for those learners who like interacting with peers and learning in a dynamic real time context.

Online

- There are three synchronous online sessions at specific times on specific dates.
- These will be interspersed with tasks to be completed online at your own pace asynchronously.
- This mode is for those learners who need a lot of flexibility due to work and home responsibilities.
- Having effective time management skills will be an advantage to ensure you keep pace with the required asynchronous learning tasks.
