

KIRINGAI KAMAU

Center for Agricultural Networking and
Information Sharing (CANIS) and VACID Africa

University of Nairobi/GoK Agriculture Pillar

ICT4Ag, BIG and Open Data, Ag. Policy, and
Youth-Led Agricultural Extension

CANIS, VACID Africa, Partners & Farmers

My Current Work/Research

- Agricultural value chains modeling for sustainable smallholder initiatives
- BIG and Open Data aggregation to support Evidence based decision making
- Modeling of youth led agricultural extension as drivers of productivity at smallholder farmer level
- Value chain led research in youth employment in the agricultural sector: How to contain youthful agricultural talent hemorrhaging to other sectors
