

Primary Cohort Study: Teacher Survey Consent Form

You have been asked to complete a survey about your working life, professional development and views about mathematics. You will not be asked to complete this again in future years.

What am I consenting to?

I give permission for the University of Nottingham to collect, store and use the data that I provide as part of the Observatory for Mathematical Education's Primary Cohort Study:

- ✓ I have read the Information Sheet and the nature and purpose of the research.
- ✓ I understand that my data will be stored securely on a dedicated University of Nottingham SharePoint site by the team of researchers at the University of Nottingham for a minimum of 14 years.
- ✓ I understand that I may withdraw from the teacher survey at any time and all data that I have provided will be deleted, although my data may still appear, anonymously, in publications or reports that were already in progress or already published at the time of my withdrawal. Withdrawing will not affect my employment or my school's participation in the Primary Cohort Study, now or in the future.
- ✓ I understand that while information from the study will be published, my school/employer and I will not be identified and my personal data will remain confidential.
- ✓ I understand that I should contact the University of Nottingham if I require further information or wish to withdraw from the research:

- ✓ I understand that I may contact the research team if I require further information about the research, and that I may contact the Research Ethics Coordinator of the School of Education if I wish to make a complaint relating to my involvement in the research:
educationresearchethics@nottingham.ac.uk.
- ✓ I agree to take part in this survey.
