**The various awards within an institution are distinguished by differences in both gown colour and in the shape and lining of the hood.**

When hoods were worn to cover the head, their linings were of considerable practical importance with wool and fur used in the colder months and silk in the warmer ones. Much less interest was taken in colour, other than some colours being prohibited. In present times, the colours of hoods and their bindings are expressly used to distinguish between different levels and subject area of awards. These colours and styles vary from institution to institution. Since its foundation as a university in 1948, Nottingham has used light blue as its degree colour.

## Gowns

Gowns for first degrees (eg BA, BSc, BMedSci, BArch, MSci) and masters degrees (eg MA, MSc, MRes) are black.

Gowns for doctors (eg PhD, EdD, NursD) are claret, faced to a depth of 3" with light blue silk.

Gowns for higher doctors (eg DD, DSc, LLD) are scarlet, faced to a depth of 3" with light blue silk.

## Hoods

Certificate students wear a hood in the Belfast shape, diploma students in the Edinburgh shape. Both are lined and faced in (for undergraduate level) light blue or (for postgraduate level) dark green.

Degree students at all levels wear a hood in the Cambridge shape.

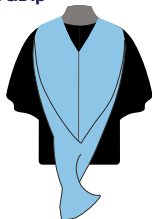

For first degrees and masters degrees hoods are black and lined with light blue silk to differing extents depending on the level of the award.

Hoods for doctors are claret and lined throughout with light blue silk.

Hoods for higher doctors are scarlet and lined throughout with light blue silk.

All graduate hoods are bound at the edge with a ribbon of the colour appropriate to the nominal faculty. For higher first and higher masters degrees, the entire hood – including the cape, is bound with ribbon. **See table on opposite page for details.**

# ry Honorary tes. graduates.

The University of Nottingham, in common with other British universities, is empowered to give honorary degrees to people of distinction and those who have given great success to the university.

## The Rebel Dread Don Letts

For the past 40 years film director, DJ and musician Donovan 'Don' Letts has been the constant beat in the musical awakening of successive generations.

His weekly Radio 6 Culture Clash show will have provided many post-millennials with their first introduction to Dub and Reggae rhythms, while their parents may remember his performances in *Big Audio Dynamite* – the hugely successful 80s band that fused Alternative Dance, Fusion Reggae, Hip Hop and Punk.

He has been pivotal in shaping the musical genres of Punk Rock and Dub Reggae since the 1970s, forging links that fundamentally changed the cultural landscape at the time, and laid the ground for the rise of the *Rock Against Racism* movement.

As well as DJ-ing and performing he captured the vibrancy and chaotic energy of the music scene through his films, including *The Punk Rock Movie*. His work as a film maker continued, he has produced more than 20 films as well as documentaries on the musical links between White and Black working-class youth.

Through the dogged pursuit of his artistic and musical interests, he has united disparate groups in a love of the movement and joy of dance.

Don Letts will receive the honorary Degree of Doctor of Letters on Tuesday 13 December 2022.

## Marie Ashby

Award-winning broadcaster and journalist Marie Ashby has been a well-known face on television screens across the East Midlands for the last 30 years.

Whether producing thought-provoking documentaries for BBC's *Inside Out*, grilling MPs on *Sunday Politics* or fronting ITV and BBC daily news programmes, she has helped to share the human stories behind the headlines.

Marie joined BBC Radio Nottingham in 1987 when she covered the general election and secured an infamous interview with Brian Clough in her first week. She quickly moved to television and became known for sensitive and balanced reporting on often difficult subjects as well as showing us the Midlands by helicopter in *Sky High*.

Over the years she has worked closely with the University of Nottingham and the Nottingham University Hospitals NHS Trust. Her film about

dementia fronted by fellow honorary graduate, Vicky McClure, was a prequel to a BBC series by the Nottingham actress.

Her documentary on pressures on pharmacists won her *Best Current Affairs Programme* at the *Royal Television Society Awards*.

Marie is passionate about mental health awareness and has also raised thousands of pounds for breast cancer and multiple sclerosis research.

Marie Ashby will receive the honorary Degree of Doctor of Letters on Friday 16 December 2022.

## Nick Matthew OBE

The only Englishman to win a World Championship squash title, Nicholas (Nick) Matthew OBE is arguably one of the greatest British players of all time.

Nick made history by winning the two most prestigious tournaments in the professional game – the British Open and the World Open – three times each, remarkable achievements that sit alongside his four Commonwealth medals and record-breaking number of national titles.

His sporting achievements have spanned almost 25 years since he won his first title at the World Junior Championships in 1998. In 2015 he joined the University of Nottingham, playing as part of the Professional Squash League and nurturing talented student players. He led the team to their first national title the following season.

Nick retired from the sport in 2018 but continues his involvement as a writer, broadcaster and commenter. The Nick Matthew Academy, based in his home city of Sheffield, was established to coach the next generation of English squash players and has created a pathway to help children go from beginners to elite players.

He was awarded the Order of the British Empire (OBE) in 2015 for services to the sport.

Nick Matthew will receive the honorary Degree of Doctor of Laws on Wednesday 14 December 2022.

# Graduation Grad video video credits. credits

**We hope you enjoyed the video which played at the start of your ceremony. We'd like to say thank you to those who made it possible.**

Spoken word performed by Class of 2020 graduate **Nana-Yaw Mensah**.

Script development: our 2020/21 graduates and students who shared their lockdown experiences with **Fat Free Media** and the university.

Filmed scenes and alumni imagery: a huge thank you to **Dr Gaby Neher**, our student models and alumni from across the globe who took part in filming and submitted their own imagery to be included.

A special thank you to **Christopher MacPhee**, Building Attendant for Monica Partridge Building, who went above and beyond to facilitate the filming.

Concept and film production by: **Fat Free Media**.
