

Your day at the School of Life Sciences, Pharmacology

Course code: B211

Wednesday 22 February 2023

Your registration venue is Engineering and Science Learning Centre (ESLC), (building no.54, University Park Campus)

General activities

9am to 12pm Registration and optional general activities

General activities are optional. They provide a great opportunity to explore University Park Campus, tour catered and self-catered accommodation and visit our sports facilities.

You'll need tickets for some general activities. You will be able to collect tickets from your registration venue when you arrive on the day.

Only one guest may be able to accompany you for general activities, but there are plenty of places to explore or get a drink if you have brought anyone else with you.

Full timetable available at nottingham.ac.uk/offerholders

Subject-specific activities

12.15pm Lunch with the School of Life Sciences

Foyer, A Floor, Medical School (building no. 46, University Park Campus)

An opportunity to have lunch and meet academic staff and current students in the School of Life Sciences.

1pm Introduction to pharmacology

C1c and C1d, Medical School (building no. 46, University Park Campus)

You will be shown to the teaching laboratories where your planned activities will take place and an overview of the course will be given.

Departmental activities

Following the introductory session, parents/guardians and offer-holders will take part in different sessions.

Please see next page for further subject-specific activity

Offer-holders subject activity:

1.45pm Pharmacology practical session

C1c and C1d, Medical School (building no. 46, University Park Campus)

You will conduct a practical experiment alongside current students looking at the effect of drugs on tissue.

2.30pm Pharmacology teaching session

C1c and C1d, Medical School (building no. 46, University Park Campus)

You will take part in a workshop with current students in which you will learn how to analyse the data from your practical experiment in order to understand how you can assess how well a drug works

3.15pm Q&A session

C1c and C1d, Medical School (building no. 46, University Park Campus)

A final chance to ask questions to our academic members of staff and current students to answer any queries you may have regarding the course or the university.

Guests only:

2pm Refreshments

Foyer, A Floor, Medical School (building no. 46, University Park Campus)

Academic members of staff and a student panel from the School of Life Sciences will be available to answer any queries you may have regarding the course or the university.

2.30pm Q&A session

LT3, Medical School, (building no. 46, University Park Campus)

Academic members of staff and a student panel from the School of Life Sciences will be available to answer any queries you may have regarding the course or the university.

3.45pm Event ends
